25X1A9A MEMORANDUM FOR THE DIRECTOR OF CENTRAL INTELLIGENCE  
Attn:  Office of Collection and Dissemination

SUBJECT: Request for increase of Publication

1. It is requested that the distribution to the Directorate of Intelligence, USAF, Attention: AFOIR-DD, Room 5C 1080, of the Weekly Summary published by the Central Intelligence Agency, be increased from eleven (11) copies to twenty (20) copies.

2. These copies are needed by the Directorate of Intelligence to meet the increased demands for accurate and timely intelligence information by both internal and field organizations. The present distribution falls short of this goal, due to the fact that copies must be routed to numerous offices through-out this directorate, also, some organizations in the field that are extremely vital to our defense do not receive this publication.

3. A copy of the distribution list showing old and proposed distribution of this publication is attached as inclosure 1 to this memorandum.

4. It is hoped that this request can be viewed favorably by your office.
